Mr. James A. Pierret
Fansteel Metals
10 Tantalum Place
Muskogee, Oklahoma 74401

Re: Fansteel Metals site (OK 3549)

Dear Mr. Pierret:

The EPA has reviewed the site inspection report of June 1981, and we found that the locations of only 5 of the 12 monitoring wells were disclosed to our investigation team at that time. Please send us a map of your property with the locations of the wells and any available data from those wells.

Thank you for your cooperation in this matter.

Sincerely,

/s/ Samuel Nott
